## The Far East Worldwide Funding Program

We are correspondents with a well established international conglomerate funding organization with a wealth of experience in funding projects worldwide. Funding is available for all types of projects in the amount of USD\$5 million to \$504 million or more. Rates are quoted on a case by case basis, but in most cases are LIBOR plus 2%. In most cases the source of funds is Petroleum money from the major Petro Industries. Professional consultation services are available by a team of the world's top lawyers, accountants and financiers. There are no advance fees. Funding is available for virtually any reasonable and legal purpose in almost all countries of the world. We seek clients worldwide. Broker participation is invited. If interested to seek funding from this source, please request our bulletin #280 which describes the funding process and contains the guidelines to be followed to successfully seek funding from this source. Please include a LSASE, Products International, 5951 Riverdale Ave., Suite 1029, Riverdale, NY 10471. Fax: (718) 796-4725
