Playing the "double your fun" Tic-Tac-Dough is simple, easy and most of all, fun!!!!... you simply mail (using a security type of envelope) each player, whose name appears above, a copy of this completed flier, along with \$3.00 cash for each player whose name appears in one of the "O" squares,... \$5.00 cash for each player whose name appears in one of the "X" squares,... \$10.00 cash for each player whose name appears in one of the "dollar" squares,... & 20 first class stamps for each player whose name appears in one of the "letter" squares!

Now for the double your fun part,... each & every time a new player begins play, using one of your fliers, the games monitor will add your name in the first available open space on the next new joining player's out going flier. This move could multiply your own best efforts many times over. Sponsor 3 new players, and you'll automatically have six new players mailing fliers for you, sponsor 6 new players, and you'll automatically have 12 new players mailing fliers for you! In a few days you will receive your own camera ready Tic-Tac-Dough flier just like this one, but with your name starting in the upper left "dollar" square.

To insure the integrity & honesty of this game, and all of it's players, one of the players listed will become a "checker",... If the checker, does not also receive a correct copy of this flier, and the correct money, or stamps from each new player,... no new camera ready "Tic-Tac-Dough" flier will be mailed, and a chance for some real extra dough & stamps will be lost,... So let's all have some real fun,... playing the "double your fun" Tic-Tac-Dough,... the right way !!!

Name _____ Address _____
