

# CASH *Wind* FALL

EARNING A RESIDUAL INCOME JUST BECAME A BREEZE

Dear friend:

If you're looking for a good, **honest money making opportunity** that has great potential with **residual income** along with a great product, then read on! I am not going to feed you hype or false promises on how much money you will make like so many others do. As an honest person I have created programs that are honest - to **help people make money!** This is a **Powerful 5 Level Program**. The Big Money is up front for recruiting cost, but also on the back end as well. This program is monitored closely so there is no cheating. The monitor is a member, keeping the cost to you down, so the members receive more of the profits because the monitor does not move around on the flyer. The monitor makes the same fee all the time. **All money goes and comes directly to the members.**

## - GETTING STARTED -

Send Cash, Check, or Money Order to each member (1 - 5) for the amount shown for that position. If it says **FREE SPACE**, you save that amount instantly! When I receive your application and funds, you will be sent your custom-made **Master Copy of CASH WindFall** with you in the 1st position to receive **\$100!** For each person you enroll, you will receive **\$100 plus a Phone Card** that will allow you to call anywhere in the U.S. as much as you like and talk as long as you like for one full day once activated. For each person your recruits enroll, you will receive \$25 and a Phone Card. For each person their recruits enroll, you will get \$25 and a Phone Card. **Are you ready for this?** For each person those recruits get, you will receive \$50 plus the Phone Card. Phone Cards will be sent to the members as earned from the Monitor. **Get in as soon as possible to reap the rewards!** You will be earning **\$100 up front, \$25's in the middle, and \$50's on the back end** which will bring you a **CASH WindFall**.
