Invitation # 207325

Dear World Friend:

We are sure that by now you have tried all the "Get-Rich-Quick" schemes out there, and are more than ready and willing to turn your attention to something that really works. Most people are. Please accept this personal Invitation to unlock the **Secret Door** to your future.

Would you like to quietly have **extra** money every month, year after year, and all of it is **tax-free**? We knew you would. Now you can with the help of our WorldWide private network of friends helping friends. We would like to invite you to join a very special group of people and have the kind of money you have been seeking.

We have a private program based in the USA that extends around the *entire world*. Most of us are middle-aged or older, conservative and family oriented. We all made the commitment to do whatever we have to do - as long as it is ethical, honest and legal - to make tremendous gains together in the years ahead. We have all 'been there and done that' very much like you.

We can all make money quietly and privately in comfort. **You will not get rich overnight**. If you want to get rich quick, **this is not for you**. By keeping it among our private members, we can all prosper quietly in the coming months and years without drawing unnecessary attention to our confidential strategies or ourselves. We will show you how to use our unique, controlled, and honest program to put you in the comfortable lifestyle you desire.

Our program will not interfere with any other programs in which you are participating and will more than likely enhance them. We will show you just how *easy and powerful* this program really is. Your **tax-free money** will come to you in increments of \$10.00. The money you can have is extraordinary, and we do most of the work for you. Our powerful Pentium III servers and software keep track of everything for you from start to finish.

You owe it to yourself to take a look and then you can decide if you would like to have the kind of money that most people can only dream about. You can receive the **FREE** Information Package in less time than it takes to have a snack. You know **YOUR FUTURE** is worth much more than a snack. No one will call you. No one will come see you. There is no pressure. You do not have to talk to anyone. You decide if you want to be part of our private network on your own after you review the information package. This is a **private** club with the privacy of each and every member protected. Quiet, confidential and comfortable.
