

LEARN HOW TO PLAY CRAPS

The "How To" Gambling Guide For New And Timid Craps Players
(Worth its weight in \$100 chips)

How many of you have traveled to Las Vegas or Atlantic City and only watched the action at the craps table? Ever wished you knew how to share in all the fun and profits? TRUE STORY: One day when our author worked as a dealer at a very well known casino in Vegas, a young man walked up to his table. The player cashed in for \$500.00 in assorted chips. Three hours later, he cashed out with \$350,000.00. This young player knew the game. No mystery, 95% of the people visiting the crap tables, haven't got a clue about what's going on.

WHAT CAN YOU DO TO BE A BIG SCORE WINNER? LEARN THE GAME!

Millions of people arrive everyday at the casinos. Many have come to have fun and enjoy the atmosphere. Some are strictly there to gamble, and most of them decide on 21. Reason? 21 is easy to learn and follow. Few venture towards the craps tables. Crap is a more complicated game to learn and master. But with the proper instruction, a few learning aides, like a small craps table layout, chips, a pair of dice – you can learn.

Proper instruction is not easy to come by. There are a few books out there, but most of them are over-complicated, and too difficult. Nearly all of the hotels now provide a very quick overview of the game. They give you an extremely basic knowledge on how to lose your money, FAST!

A hotel's 15-20 minute lesson will not show you everything a new player should know to play with any confidence. Our little gambling guide has what you need to become that confident player, because it tells you exactly what to do, and when to do it. You learn how to play with the pro's. Learn the do's and don'ts, such as: watching for the dice when making bets, when to bet, and knowing when to quit and walk away.

This is a pocket or purse size source of ten years of craps dealing experience, at a hotel in its day, was the most luxurious in the world. For this low, low price, you can finally learn the game that has one of the best paybacks in gambling. We guarantee you can learn this exciting and for some a very profitable source of fun like no other!
