

THE E-MAIL MARKETING MACHINE

**The E-mail Marketing Machine
allows you to download more than
5 million e-mail addresses!**

If you are marketing on the Internet and want to use bulk e-mailing for your business, this package is an absolute "must have" item!

It contains a special software program that, after installation, allows you to download more than Five Million E-mail Addresses that you can use to advertise your product to! It also includes bulk e-mail software, additional e-mail software, additional e-mail updates, and much, much more!

With bulk e-mail you advertise for Free!

-  No cost putting together an expensive mailing piece!
-  No printing cost of the advertising piece!
-  No labor or production cost to get your printed piece together for the post office!
-  No postage costs!
-  No wasted time waiting for your mailing to be delivered and responded to!

Like it or not, bulk e-mail advertising works and is here to stay! On average, it receives dramatically more response than TV and radio that companies are spending millions of dollars on! With bulk e-mail, you advertise for FREE!

Everything you sell is 100% profit!

Everything you sell is 100% profit since it costs you nothing to market (e-mail) to millions of people!

**You can start marketing your own business,
products or services within hours!**

With bulk e-mail you will receive sales within hours of when you begin! The more than Five Million E-mail Addresses you can download using the special software is what you need to get started. In addition to the e-mail addresses, the following is also available to you to download:

-  Bulk e-mail software – this will help you send your marketing letter to millions automatically!
-  Bulk e-mail help – takes you step-by-step to get you started sending bulk e-mail (Includes do's & don'ts)

You get the freshest e-mail addresses available!

By offering the e-mail addresses as a download instead of on CD-Rom it allows us to offer the newest names possible. By posting the e-mail addresses and other information on our web-site, the files are updated monthly. This assures you of the freshest e-mail addresses and information available. You also have the option to upload on a bi-monthly basis.

This software has what every entrepreneur wants and needs when it comes to sending bulk e-mail. And with the low price, anyone can afford to take advantage of this opportunity.
