

Yes, "The Power of 9" Is the One to Join

You will never fail with this program; you will have the power to become financially secure without the hassle of recruiting or the worry of being dropped from the matrix because you cannot afford the full start-up cost.

With our No Fail Plan, if you are unable to send the \$100 after your 2x3 matrix is filled, the company offers an option for an investor to pay your \$100 for you, thus allowing you to stay in the program.

For this investor service, there would be a nominal fee (\$25), which would be withheld from your future checks, along with the \$100 to repay the investor.

"No 'Niner' Left Behind"

But, if you can pay early, no matter when you join "The Power of 9," you can move ahead of members who had the opportunity to sign up ahead of you—just by sending in your \$100 right away, before your 2x3 matrix is filled.

We know of no other company that offers options like these—a hassle-free program with substantial benefits; investors to help you succeed; and a chance to move ahead of the rest!

Yes, "The Power of 9" is truly THE NO FAIL PROGRAM to join. Just \$20 + 2 stamps gets you started. Sign up now!
