

MAKE \$\$\$ BY SELLING JERKY!!!

<http://vbender.jerkydirect.com>

Earn \$\$\$ on a monthly basis for each bag of jerky that is ordered from YOUR own website.

Jerky Direct is a brand new company developed by a team of professionals that have years of experience with both the meat snack industry and direct sales marketing. The founder of Jerky Direct also founded King B Jerky in 1969 and Melaleuca Direct Sales in 1983. Both of these businesses have turned into multi-million dollar companies. With Jerky Direct, you have the opportunity to not only get premium quality, all-natural jerky delivered directly to your door, but you also are given tools to develop your own web-based home business.

Unlike other web-based businesses:

- Jerky Direct pays for shipping
- Jerky Direct pays for all credit card surcharges
- Jerky Direct pays for your own free website (with a domain name of your choice) for customers to buy from.

This gives you the opportunity to enjoy a great tasting product, and reap the rewards of how it sells itself!

Each time you sell jerky through your FREE website storefront, you will generate a commission of \$2.00 on each and every bag sold. Additionally, when their customers become club members and establish their own store fronts you will earn another \$.25 commission on each and every bag sold. On the first day of each month, commissions are calculated, and a check will be mailed to you.
